

23<sup>rd</sup> March 2004

The Soweto Gospel Chior  
c/o Beverly Bryer  
**HYDE PARK**

To you all

On behalf of the Community and Ehrens Family of Eldorado Park, ***THANK YOU SO VERY MUCH*** for making their day with your generosity of the funds raised, your energy and enthusiasm and of course, your limitless talent. (Every time you sing I get goose bumps and a lump in my throat - you are truly magnificent!!!)

Rest assured that the time you took to give of yourselves, was more than appreciated, by every one and the Ehrens family, I know were quite overwhelmed.

All the families you fed yesterday have one or more AIDS Orphans living with them - some of which are infected. The little house you painted, accommodates 6 orphans ranging from 2 -21 years. They were orphaned 2 years ago, when the little one was just 4 months - they are cared for by their grandfather - the elderly gentleman who sat on the chair outside. He just couldn't believe what was being done for his family and he too got quite emotional.

Thank you all for bringing hope, joy, colour and full tummies to so many, who needed you all so much.

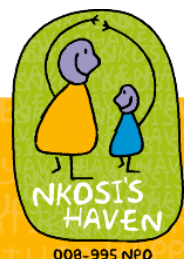

Your next project is Orange Farm where we will be feeding 152 AIDS Orphans - so be prepared!!!

You are a wonderful young group of talent & energy and it is my pleasure to deal and work with you - thank you!!!

With love & kindest regards

**GAIL**
